## Minimum Set up Time

VDP Max Deploys large number of Piezoelectric Heads which brings down the set up time and requires low maintenance.

These heads coupled with oil based ink systems avoids clogging & hence reduces trouble shooting time.

## Prints anywhere without adjusting print head

Offers option of installing printing heads across the entire width of paper and avoids the need of adjusting these heads

Easy to print anywhere on paper  
Suitable for the jobs with large patches across the width of paper.
